

Eye Care Camp
Sec. 56, Gurugram, Haryana

- The World Health Organization estimates that 180 million people suffer from severe visual impairment (legally blind, by U.S. standards).
- The leading cause of blindness throughout the world is cataract and 90% of this blindness is found in the developing world.
- Visualizing the need and understanding that, a remote cataract screening eye camp will only restore sight of people in villages & remote areas.

Objectives Of The Eye Camp

- Provide Eye screening services to the community.
- Provide both preventive and curative treatment for common eye problem.
- Refer those who require specialized treatment as necessary.
- Provide information on prevention and management of preventable eye diseases.
- Encourage use of available nutritious food products in the area.

Camp Venue Details

Date of Camp: 25th April, 2018

Camp spot: Khora Colony, Noida, UP

Financial support for the Camp: Oxygen & Sahyog Foundation.

Total No. of Patients Screened	165
No of patients to whom Medicine(eye drop) was given	94
No of Patients to whom Spectacles was given	88
No of Patients screened for cataract	7

Achievement of the Camp

- ❑ After studying the area, we came to the conclusion that distributing the handouts and hanging banners at the various places can get more people to the camp place. It really has created the huge impact on the people.
- ❑ The camp started at about 10.30 a.m. Patients and people with their problems started arriving at the venue at 9 a.m. to be first in the queue.
- ❑ In all, more than 165 patients were examined out of which 68 needed specs and 84 were needed eye drops and 8 found with cataract problems for which Sahyog Foundation will organize an eye surgery camp as per dates available in the hospital most of patients want to get their surgeries done. during the camp Sahyog foundation and Oxigen provided all necessary facilities like refreshments, medicines, specs, etc
