

10th CATARACT EYE SURGERY CAMP

Organized by OXIGEN & SAHYOG

Under its CSR INITIATIVE

FY2018-19/10/Cataract Surgery.

Oxigen & Sahyog Foundation Report on Cataract Surgeries

Delhi, November 20th, 2018

Partnering NGO- Lions Eye Hospital, Delhi

Following up with the Identified Cataract Patients from Five Free Eye Screening camps at Bawana & Noida Village and J.J Colony slum, Bawana with the Support of Oxigen & Sahyog Foundation. During which 28 Patients were identified with Cataract, were further thoroughly examined and Motivated for Cataract Surgery. Surgeries were Completed for 8 patients. The Remaining 10 interested were taken to the hospital on 20th November, where only 8 underwent surgery and two were sent back home on Medical grounds (unfit for surgery). With this out of 28 we could Help 16 People from Bawana to regain vision and return to a normal life. Which is an immensely rewarding endeavor made possible through the dedication of Robin Raina Foundation staff, volunteers and the generous support by OXIGEN. We are looking forward to continuing to serve people by easing their suffering and changing their lives for the better in the years to come.

No of Patients undergone surgery-8

Patients From- Bawana Slum

Testimonial for a Patient English Translation

“I had developed cataract in my left eye last year and then into the right eye. It had developed so quickly that I was almost unable to see anything even with magnifying glasses. I heard about the Screening camp organized at Robin Raina Foundation office in association with Oxigen & Sahyog Foundation, I visited the camp site and got my Eye screened but was Scared to get it Operated so refused to go for Surgery on 31st Oct 2018 . After meeting one of my neighbour who recently got his cataract Operated from you and was very happy and doing his task efficiently, made me think twice. Finally on 19th November 2018 I got my Right Eye Operated I don't have enough words to 'thanks' all of you, for the wonderful job done, by the way of Cataract operation on my right eye. Now everything is better and brighter for me to see Gods wonderful creation. The 'Tonic' of your personal phone calls in the evening to enquire about my welfare, arranging Lunch and tea for us and taking care of us during the Surgery day at Hospital, I liked everything. The efficient and genial staff, made everything so smooth and relaxed. It was indeed a privilege to put MY eyes in your hands & care. You've done a great job. Our family will always remember you. Wish you all the success.

My very sincere thanks to RRF & Oxigen, for the highly professional way you attended and dealt with my problem. Thanks! For being so nice to me & making me feel comfortable. You People are the best. I would like to tell other person suffering from the same to come and meet you and see the Beautiful world around“

पिछली साल मेरी बायीं आँख में मोतियाबिंद हो गया था और फिर मेरी दायीं आँख में। मोतियाबिंद बहुत ही जल्दी जल्दी बढ़ रहा था और मैं अपनी आंखों की रौशनी लगभग खो ही चुका था यहा तक की मुझे लेंस से भी कुछ नहीं दिखता था।

मुझे पता चला कि एक नेत्र जांच शिविर जो हमारे इलाके बवाना जे जे कॉलोनी में लग रहा है जो कि रॉबिन रैना फ़ाउंडेशन और ऑक्सिजन व सहयोग फ़ाउंडेशन के संयुक्त तत्वधान में रहा था। मैं उस शिविर मे अपनी आंखे जांच करवाने के लिए गया और वहाँ पर मुझे 31 अक्टोबर 2018 को ऑपरेशन के लिए कहा गया। मुझे पहले बहुत डर लग रहा था तो मैंने जाने से माना कर दिया। मेरे पड़ोसी जिसका ऑपरेशन अभी हाल ही मे हुआ था उससे बात हुई वो बहुत खुश था। मैंने फिर इस बारे मे सोचा और फिर 19 नवम्बर को मैंने

अपना दायीं आँख का ऑपरेशन करवाया। और मेरा ऑपरेशन सफल हुआ। मेरे पास शब्द नहीं थे कि मैं कैसे शुक्रिया करूँ।

अब मैं अल्लाह कि बनाई इस कुदरत में सब कुछ बहुत साफ साफ देख सकता हूँ।

संस्था द्वारा मेरे खाने पीने कि व्यवस्था और मेरी देखभाल बहुत ही बढ़िया रही। हॉस्पिटल के काबिल डॉक्टर तथा संस्था के लोगो ने इस सारी प्रक्रिया को बहुत ही सरल व सुगम बना दिया। मेरे लिए बहुत ही सौभाग्य कि बात रही कि मेरी आंखे सही हाथों मे रही व अच्छा ऑपरेशन हुआ। मेरा परिवार भी आप हमेशा याद करेगा। अल्लाह आपकी इस तरक्की मे बरकत करे।

मैं तहे दिल से रॉबिन रैना फ़ाउंडेशन और ऑक्सिजन व सहयोग फ़ाउंडेशन का शुक्रिया अदा करता हु जिनहोने इतने काबिल तरीके से मेरी समस्या का हल किया। मैं और लोगों को भी आपके बारे मे बताऊंगा और मुझसे जीतने मदद हो सकेगी करूंगा। जिससे और लोग भी इस खूबसूरत दुनिया को देख सकेंगे।
