Objectives Of The Eye Camp

- Provide Eye screening services to the community.
- Provide both preventive and curative treatment for common eye problem.
- Refer those who require specialized treatment as necessary.
- Provide information on prevention and management of preventable eye diseases.
- Encourage use of available nutritious food products in the area.

Waiting for treatment. People line up to seek medical attention during a free health camp at Village Sanpera on 26th Nov 2018. Nearly 186 people, a majority of them from deep rural pockets, were screened for various eye disorders .

Among these majority were old villagers above 50 years who were ailments including cataract and other vision disorders such as short and long sight. 160 Medicines and 67 spectacles were handed over to the needy. 23 patients identified with Cataract will be operated free next week. Few were referred to government eye hospital for more Complex treatment.

Total No. of Patients Screened	186
No of patients to whom Medicine(eye drop) was given	95
No of Patients to whom Spectacles was given	65
No of Patients screened for cataract	23

In all, more than 180 patients were examined out of which 23 found with cataract problems for which Sahyog Foundation will organize an eye surgery camp as per dates available in the hospital most of patients want to get their surgeries done. during the surgery camp Oxigen and Sahyog Foundation will provided all necessary facilities like refreshments, medicines, specs, etc.
