### Eye camp no-10 /FY19-20

This 21st June 2019 was special day for 200 People living in Nihal Vihar slum one of economical weaker areas of West Delhi. As part of the commitment towards society Oxygen & Sahyog foundation organized, a free Eye checkup camp in association with Local NGO "NIPUN" located in the vicinity of Nihal Vihar. The camp was organized at their Learning Center. The students in the center come from a section of the society who cannot enjoy the privilege of expensive educational services.

The Free Eye Screening camp was organized, to eliminate needless blindness to a certain extent in areas that need it most; this camp did prove true to charity that begins at home.

More than half of the people examined during the camp were found to be suffering from weak eyesight. A total of 206 people registered in this camp with 10 people identified as cataract patients. 108 beneficiaries were provided with free medicinal intervention to help them take care of the various issues afflicting their eyes. A total of 78 beneficiaries were provided with near-vision

spectacles and distance-vision spectacles.

Speaking on this occasion the doctors advised all students to look after personal hygiene and care, both for themselves and their family members. They also educated the students on ways and benefits of cleanliness around their houses and localities.

NGO NIPUN's Director Mr. Pradeep addressed the gathering and said "It's our pleasure that Oxygen & Sahyog Foundation agreed on my

request to conduct this camp for the benefit of the poor people in the area. They have done a lot for this society and I am sure one day they will change the fate of slums & villages of their existence."
