### Eye camp no-16 /FY19-20

**“Eyes are one of the most sensitive organs that need care. We should take special care of our eyes.”**

A day-long free eye screening camp was opened for the under-privileged villagers at Nangli Khoriya village in District Alwar at Rajasthan on July 22<sup>nd</sup>, 2019 to provide treatment to the under-privileged

people at free of cost .

Sahyog Foundation jointly with Sarpanch of the village inaugurated the camp around 10:00am at Barat Ghar .Sarpanch during the inauguration announced to the villagers that they will received free glasses and will be operated free of cost .

Elderly and women in majority participated in the camp.

They underwent preliminary test like blood pressure check before going in for eye test. They were tested for glaucoma, cataract, and short or long sight, eye pressure, etc. Villagers who were found with cataract were referred to the Hospital for free surgery. And those who had other complications were asked to undergo further investigations at base hospital. Those in need of spectacles were given glasses free of cost. In all, 195 patients were screened at the camp 15 patients were selected for free cataract surgery. 120 Eye drops and medicines were also distributed free of cost to all the patients.
