Eye camp no-26 /FY19-20

The corporate social responsibility (CSR) wing of Oxygen under its banner Sahyog Foundation in association with NGO Pure India , organized a one-day free eye check camp at Asargarpur, a village located in Noida near sec 127 on September 6th,2019,the initiative was aimed at safeguarding eyes of low-income and economically vulnerable groups. Oxygen & Sahyog Foundation Seeking to provide an enabling environment for health and hygiene in urban villages as well as remote areas, the foundation works in close coordination with charitable organizations, like-minded individuals and healthcare providers to launch collaborative efforts to drive the importance of health, sanitation and hygiene.

The eye camp was held at one of the volunteer house, which was attended by more than 200 men, women and children of the village. Out of these 112 patients were provided free medicines/eye drops, 97 with weak eye sight were provided with spectacles and 12 persons, diagnosed with cataract, would be operated at Lions Eye hospital, Delhi in the next week. All expenses incurred toward the cataract operations will be borne by Oxygen & Sahyog Foundation. The villagers were happy and expressed their gratitude to the Oxygen CSR team & Management for providing them medical care free of cost.
