Eye camp no-13 /FY20-21

Tigri, Sangam Vihar A one day free eye checkup camp was organized by Sahyog Foundation in association with NGO Adharshila on January 23,2021 and at Masterji center.

About 155 patients were examined and 103 free medicines and 57 glasses were distributed to the needy patients. Nearly 7 patients were selected for cataract surgery which will be operated at the Renowned hospital very soon.

The patients were examined by Eye Doctor along with were provided with general health checkup including Weight, B.P and Sugar test done which was assisted by technical staff. The camp held under the overall supervision of Sahyog Foundation team and NGO team aim to treat underprivileged people suffering from eye-related issues.

Due to the excessive cold, dust and pollution, many people came complaining of several eye-related issues, and were provided with free eye drops

“During the camp many people came up to us with eye-related problems. While some complained of dry eyes, others said they felt burning sensation or irritations in the eye”. So, the team advise them with some precautions and eye care along with anti-allergic eye drops. Few patients complaining pain and weakness in their eyes for the past sometime were advised with eye exercises.

Group of volunteers, from Adharshila helped the elderly people to get the investigations done and understand the problem and how to take the medicine. A joint effort and well managed camp was a fruitful event served many needy.
