REPORT OF FREE EYE SCREENING CAMP AT CHILLA VILLAGE, ON 29TH SEPTEMBER, 2020

Back Ground: This free eye screening camp was held at Chilla khaddar village in Delhi conducted by Oxygen & Sahyog Foundation in association with NGO Adharshila for Prevention and Control of Blindness. The camp was a screening camp for cataract surgeries and refractive errors.

REPORT OF FREE EYE SCREENING CAMP AT CHILLA VILLAGE: This one day free eye screening camp was held at Chilla Khaddar village. Arrangements for the camp were finalized in consultation with the NGO Adharshila. Who on ground are supporting these villagers from last couple of months.

The team from Sahyog foundation proceeded to the camp station on Tuesday 29th September 2020 with all necessary stuff needed for Eye camp in the Vehicle. After reaching the village team immediately started setting up the camp at pre organized place Anganwadi by Adharshila. After having set up all team gather, where they were briefed about the Screening camp steps and specific duties were assigned to each person for the Screening eye camp and the necessary arrangements were made.

Details of Camp Activities: The timing of OPD was from 10:00 am till evening 3:30 pm. The local ground team from Adharshila had already informed the people in the community through messages and load speakers. On the day of camp, one another announcement was made on the load speaker that the camp team has arrived and have started the camp. As all the duties were pre-assigned so quickly registration desk was set and certain places were identified (Visual Acuity, Refraction, Screening and Pharmacy or

Medicine). Registration of the patients was done outside the room, after which the patients were sent to the room for Visual Acuity. As the patient entered the room his height, weight and B.P was measured and then the patients were referred to the doctor's examination and then to Refraction step if required. People from about 7 clusters in distance of 1.5 Km at Chilla Khaddar Village came to avail the services of the eye camp conducted. This was the first ever free eye camp that was organized at this place .The

camp was organized very systematically with clean & sanitized room and equipment following Social distancing and other COVID19 guidelines .

The details of the patient seen, provided with medicines, glasses and those operated are as under:-

Date No of patients seen in the OPD- 140

Free medicine given- 97

No of cataract diagnosed for surgeries-7

-No of NV/DV Glasses given -49

Overall Findings:

- Patients Examination: Total 140 patients who were registered at registration desk were examined for eye diseases.
- Surgeries: A total of 7 patients were diagnosed for cataracts that were referred to hospital where they will be operated by expert ophthalmologist surgeon. All the necessary support in terms of IOLs consumables for the cataract surgeries will be provided by Oxigen & Sahyog Foundation to eye department of eye hospital in advance.
 - Medicines: Total 97 patients were prescribed medicines which were provided to them free of Cost.
 - Glasses: Glasses were given to the needy patients after being properly refracted by optometrist.
 - Administrative Support: The local Adharshila team did the responsibility of administration and a team was given task for this purpose who took the camp smoothly without any rush. Local leader / Pradhan of Chilla Village provided his full support so the team at the end of camp and thanked him for help and assistance in making this camp successful. It was very heartening to see many people from the Village coming to get their eyes Screened and thanked the organizers for providing them such facilities at their Door steps.
